TusLAN
The Best Little Computer Gaming LAN Party in Arizona!
Nov. 11- Nov. 13, 2016

WEB: http://www.tuslan.net/

WHAT: LAN party and video gaming at a Science Fiction Convention

WHERE: Radisson Hotel Tucson Airport, Tucson, Arizona

HOST: **TusCon** 2016 is the 43rd annual for this Science Fiction convention in Tucson, Arizona: http://www.tusconscificon.com/

This event will be a combination LANparty and video gaming room. Only members of the host, **TusCon**, may participate. Participants are invited to bring their own computers and set them up with a local area network provided by **TusLAN**. Additionally, some computers & video gaming consoles will be provided by **TusLAN** and/or its sponsors for participants to use. This will allow participants to play multiuser computer and video games without the time lag experienced on the Internet, and with personal interaction with the other players. **TusLAN** has been held at **TusCon** since 2000.

Three days of LAN! Come in Friday afternoon to set up and LAN for a few hours, then leave your rig set up overnight in our secure hotel ballroom so you can come back Saturday morning for a full day of LAN action! And you don't have to worry about packing until Sunday afternoon after another night's rest and several more hours of LANning.

TusLAN Computer gaming is in the Granada Ballroom!

This room measures 60' x 28' and has great wiring. Since it is a site used by the Gem Show, power for multiple computers will not be a problem. These pictures show the scene from a previous **TusLAN**:

The primary games anticipated at **TusLAN** are: Artemis Spaceship Bridge Simulator, Unreal Tournament; Team Fortress 2; & more! Let us know what you would like to see!

Check out the web site for details. Specifics of tournaments are still being determined, so if you have any preferences, please let us know.

TusLAN: LAN party in Tucson, Arizona, Nov. 11-Nov. 13, 2016

TusCon membership rates are listed on the TusCon web site (see above). **Discount for TusLAN members!** Every TusLAN participant who brings a computer (**Bring Your Own Computer: BYOC**) will only have to pay **$40 for all three days!** Sorry, no single day memberships. Participants who volunteer for staff duties will only have to pay $25 for their TusCon/TusLAN membership. Participants who bring additional computers or other LAN equipment for TusLAN use will be given additional discounts.

Members bringing computers (BYOC) **must register** with the TusLAN director by email:

tuslan@earthlink.net

to obtain your discount and to assure space is available.
NOTE: The above email is for **TusLAN** registration only. All participants must also separately register with **TusCon**. The **TusLAN** web site will also have the ground rules and other information about **TusLAN**. Any questions about TusLAN may be sent to the above address. Get your membership ticket soon! Only 500 will be sold, and no memberships will be sold at the door!

We are seeking corporate sponsors. If you have contact information for corporations you think might be interested in helping to sponsor **TusLAN**, please contact the **TusLAN.** We could use loans of equipment and donations of prizes. Our sponsors include:
